

Clay/Concrete Roof Tiles Application on Timber Roof Truss

Styrofoam* is, the Trademark of the Dow Chemical Group, an EXTRUDED polystyrene and has been designed with superior technical properties specifically for Building Applications. Due to its 60 year old branding, it has often been misconstrued generically as EXPANDED polystyrene commonly used as packaging material. If you have purchase genuine Styrofoam* brand products and have reason to doubt, please call us on +603 22841019 or email to pauline@misb.com.my for verification.

Note

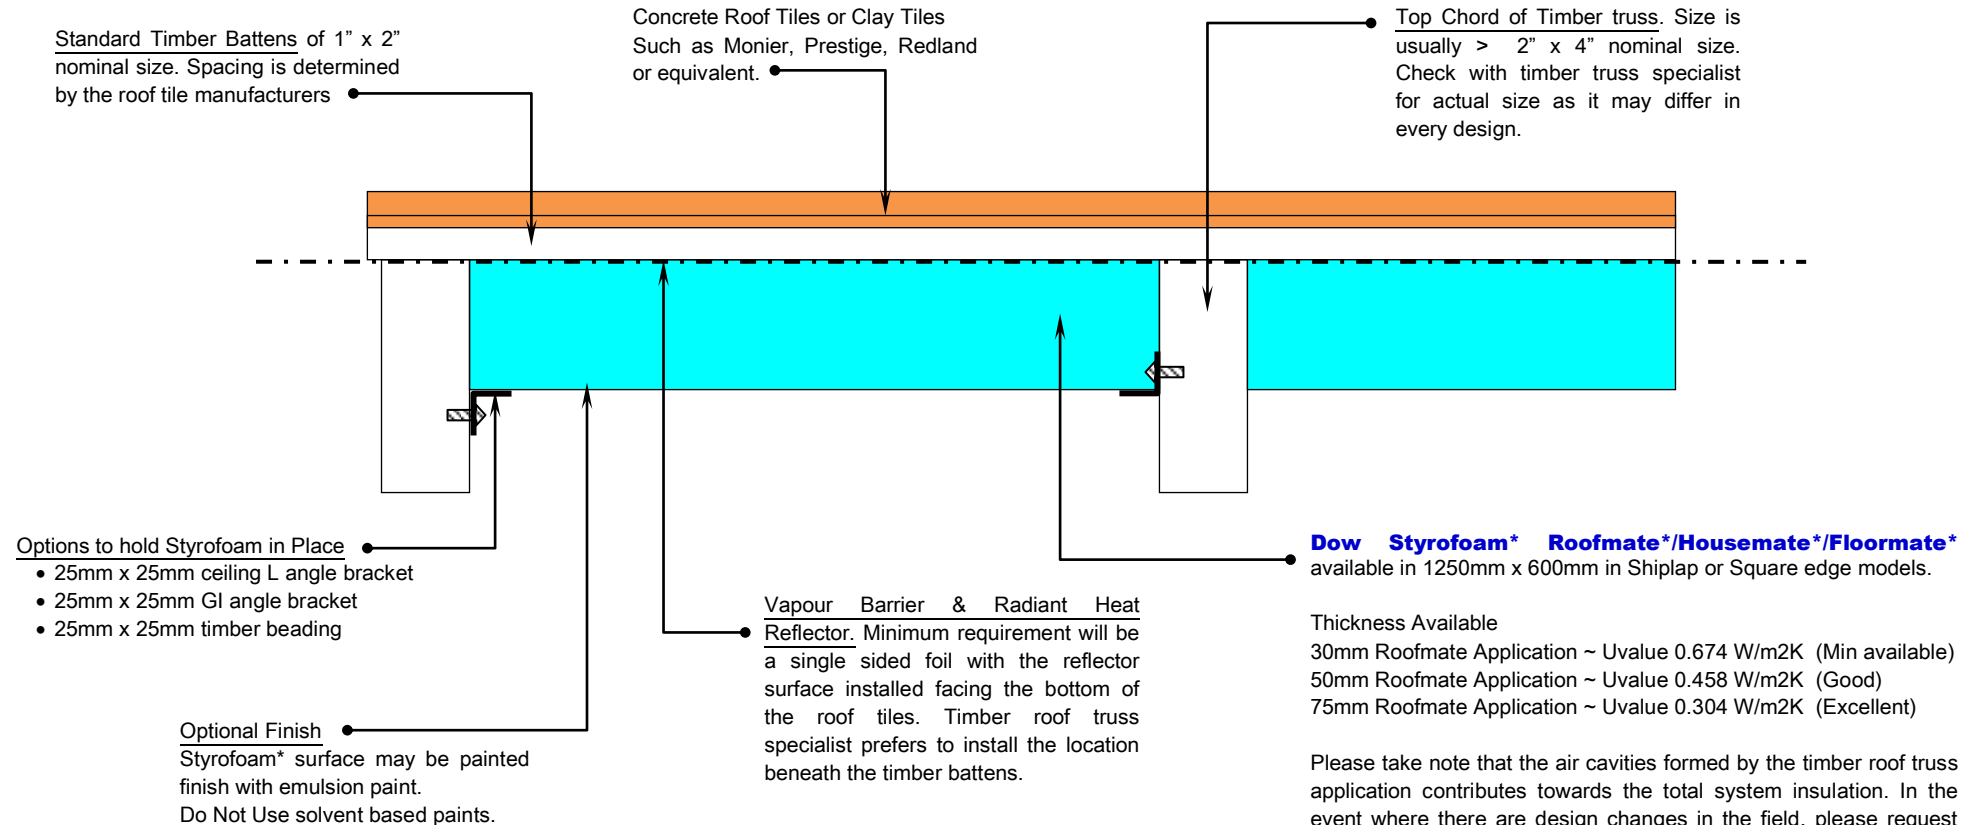

The above Schematic Sketch is intended to provide some suggestions and ideas of how to incorporate Styrofoam* Roofmate* into the design. Site conditions differ on a project basis and therefore the above cannot undermine the final design/s issued by the Project Consultants appointed who shall determine the final construction details.
